

Draft Coastal Adaptation Strategy

Your Details			
First Name:		Surname:	
Residential Address:			
Residential Suburb:		Postcode:	
Email Address:			
Add my email address to the Victor Viewpoint mailing list, Council's monthly e-newsletter?			☐ Yes

Please note: Feedback received during this consultation period may be made publicly available in a Council agenda.

What best describes you?
☐ Resident in the City of Victor Harbor area
☐ Property owner in the City of Victor Harbor area
☐ Business owner in the City of Victor Harbor area
☐ Visitor

What is your age?
☐ 18 - 24 ☐ 25 – 30 ☐ 31 - 39 ☐ 40 - 54 ☐ 55 - 64 ☐ 65 - 74 ☐ 75+

Some of the following statements are recommendations from the Draft Coastal Adaptation Strategy. Please indicate the degree to which you support each of the recommendations:

Encounter Bay Adaptation Recommendations					
❖ Undertake short term assessment of coastal impacts by storms of varying magnitude, to identify appropriate wave effect allocations for the various parts of Encounter Bay	strongly agree	agree	unsure	disagree	strongly disagree
❖ Develop a long-term monitoring program that monitors sand levels, dune position and offshore profile	strongly agree	agree	unsure	disagree	strongly disagree
❖ Increase the height of the Encounter Bikeway along Franklin Parade to act as a barrier to waves, over topping, storm surge and sea level rise	strongly agree	agree	unsure	disagree	strongly disagree

❖	Prioritise protection works along Franklin Parade to protect properties from future flooding risk associated with sea level rise				
	strongly agree	agree	unsure	disagree	strongly disagree
❖	Conduct a preliminary review of the planning parameters for Whalers Road to Tabernacle Road to identify Council's responsibilities in providing protection in the context of higher density zoning				
	strongly agree	agree	unsure	disagree	strongly disagree

Victor Central (Esplanade Beach, Flinders Parade) Adaptation Recommendations					
❖	Undertake short term assessment of coastal impacts by storms (2-3) of varying magnitude to identify appropriate wave effect allocations for the various parts of Encounter Bay				
	strongly agree	agree	unsure	disagree	strongly disagree
❖	Develop a long-term monitoring program that monitors sand levels, dune position and offshore profile				
	strongly agree	agree	unsure	disagree	strongly disagree
❖	Survey and inspect the levee surrounding the caravan park which is generally high enough to cater for current risk				
	strongly agree	agree	unsure	disagree	strongly disagree
❖	Prioritise the creation and retention of beach by allowing the existing beach to retreat to the edge of Flinders Parade/ Bridge Terrace				
	strongly agree	agree	unsure	disagree	strongly disagree
❖	Design and implement a program to consolidate and vegetate the dune system from the Inman River to the causeway				
	strongly agree	agree	unsure	disagree	strongly disagree
❖	Create a master plan to guide decisions for the Flinders Parade/ Bridge Terrace precinct				
	strongly agree	agree	unsure	disagree	strongly disagree

McCracken – Hayborough Adaptation Recommendations

- ❖ Undertake short term assessment of coastal impacts by storms (2-3) of varying magnitude to identify appropriate wave effect allocations for the various parts of Encounter Bay

strongly agree

agree

unsure

disagree

strongly disagree

- ❖ Develop a long-term monitoring program that monitors sand levels, dune position and offshore profile

strongly agree

agree

unsure

disagree

strongly disagree

- ❖ Conduct a feasibility study and obtain cost estimates to reduce the flow of storm water to the beach from two outlets adjacent Hayward Court

strongly agree

agree

unsure

disagree

strongly disagree

- ❖ Upgrade storm water outlet at Yandra Terrace with design able to be adjusted for cycles of erosion and accretion

strongly agree

agree

unsure

disagree

strongly disagree

- ❖ Ascertain ownership of the old retaining wall and assign a function to the structure as something other than 'retaining wall', e.g. dune stabilisation

strongly agree

agree

unsure

disagree

strongly disagree

Is there any other feedback you would like to share regarding the Coastal Adaptation Strategy for the City of Victor Harbor?

Thank you for taking the time to complete this feedback form.

Submissions should be **returned before 5pm on Friday, 1 October 2021** by post to PO Box 11, Victor Harbor SA 5211; by email localgov@victor.sa.gov.au; or in person at 1 Bay Road, Victor Harbor.
